Supporting Your Child with Maths Booklets

Dear Parents/Carers

This time last year, you may remember receiving a booklet designed to help you to support your child with their maths. This was designed to be the first of four booklets available throughout the year, building on what had been covered in class. However, due to my extended absence, this wasn't possible and so we have decided to start again.

The original letter is attached and the first booklet has been reissued today so look out for it in your child's bag. These Phase 1 booklets are also available on our school website.

Thank you for your patience and, all going according to plan, I will be in touch at the end of February with Phase 2.

Alyson Gibbons
