

Bug Club!

Please log on to Bug Club and read at least 1 book over the two days and complete the comprehension questions.

You will need to use the **username** in your log book and the password: **Whiteley**.

You will also need to type in the school code: **krm6** (The passwords and login are case sensitive)

Once in the program, you need to click on 'Mystuff' to start. You can choose which book you want to start on. You will need to spend about 30 minutes reading the book and answering questions (by clicking on the little bug icons on the page).

We are able to see how you got on and how many attempts you have had to answer the questions so make sure you check back in the text to answer them carefully.
