Counting to 50 Lesson

[Numbers to 50](#)

If your child is very confident with using numbers within 20, then you may like to extend their learning by watching this video.

Possible activities

Write your numbers to 20. Can you go higher?

Write your numbers starting with the largest number first counting down to the smallest.

Play number tennis. E.g. you say 7 mummy says 8 and keep going as high as you can.

Can you ask your child to complete the missing numbers? E.g. 11,12,13 __ 15,16 or you may like copy this idea.

1	2	3		5	6	7	8	9	10
11	12		14		16	17		19	20
	22		24	25			28		30
31	32			35	36	37		39	40
41	42							49	50
51	52		54	55		57	58	59	60
61	62			65	66			69	
	72		74		76	77	78	79	80
	82		84	85	86			89	90
	92	93	94	95	96		98		100
